

# CLI AG6600 Feature Benefits

Feature	Benefit
<b>Modular Form Factor</b>	The AG6600 is housed in a modular enclosure that can lay flat or stand vertically with a supplied stand. At less than 1.5 liters of volume it can be mounted to the rear of any monitor equipped with VESA mounting capabilities. Optional mounting brackets are also available for even more mounting possibilities like wall arms. The incredibly compact dimensions are (D x W x H) are: 1.9 x 5.3 x 7.8" Weight: 1.9 lbs (0.9kg)
<b>Dual Core CPU</b>	The on board AMD G-T40N CPU and 1.0GHz Clock speed make it ideal for supporting more CPU intensive applications like Internet Explorer 9 and WES7.
<b>Graphics Support</b>	Equipped with the AMD Radeon™ HD 6290 GPU for stunning graphics performance and HD quality wide screen resolutions. Dual Video is also supported from a DVI-I and DVI-D ports. A DVI-I to VGA adapter is included in the box for legacy support. HDMI can be supported with an optional DVI-D to HDMI adapter.
<b>MS Window Embedded Standard (WES) 7 Operating System</b>	WES 7 based on the Windows 7 OS will have strong application compatibility for drivers and standard windows applications. It brings an impressive set of new features but not limited to: Internet Explorer 9, Windows Media Player 12, Remote Desktop Protocol 7, Silverlight 3, .NET Framework 3.5, SP1.
<b>Simplified Management</b>	The "locked down" nature of the WES7 operating system will reduce the need to update/maintain software on the thin client platform. If required to update and manage software assets, CLI's Device Manager tool is fully compatible and a desktop license is included in the purchase of each AG6600.

# CLI AG6600 Feature Benefits

Feature	Benefit
<b>Low Power Consumption</b>	The AG6600 draws less than 10 watts of power during normal operation providing "green" energy savings benefits and reduced cost of ownership given the lower energy utilization.
<b>Network Interface</b>	The common networking protocols are supported with a 10/100/1000 Base-T Fast Ethernet NIC with PXE and WOL capabilities. Internal USB 802.11b/g/n wireless is available as a factory option. TCP/IP with DNS, DHCP and PPP are supported.
<b>Legacy Ports</b>	1 Serial and 1 Parallel port, 2 PS/2 ports provide connectivity for any older legacy equipment that users may need to connect to the AG6600. In addition there are 4 USB 2.0 ports.
